

Expert online training and qualification solutions for estate and lettings agents.

We are the Able Agent.

About Us

The Able Agent team have over 50 years estate and lettings agency experience. This means that the training content we create is market relevant, easily implemented, and digestible and has direct impact on individuals' and teams' performance.

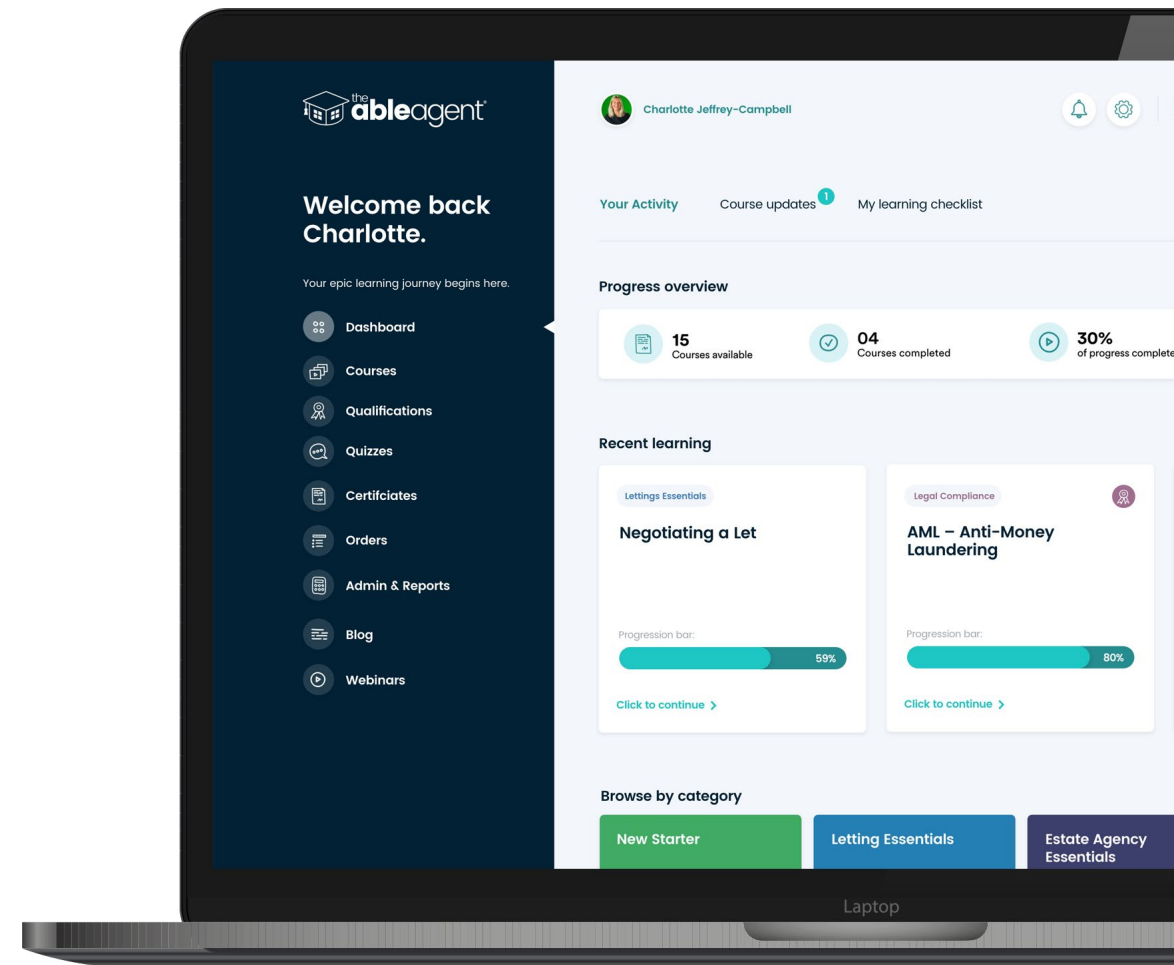

We believe in training to develop Trusted Professional Experts who are confident in all legal obligations in estate agency and lettings, not just compliance.

We believe Negotiators and Lister/Valuers should be able to advise on all relevant services with the customer's needs in mind, with a confidence to ask for the business.

Property Managers and Sales progressors should be able to deal with difficult situations with confident expertise and ensure customer retention and growing fee income.

The Able Agent provides training for individuals via pay as you go courses, businesses via a monthly training subscription and for larger groups via the InHouse white labelled training solution.

What our clients say

The Able Agent breadth of offering is impressive; they have something to suit an agent operating at any level. I have been hugely impressed with the focus that they have placed on supporting agents in the current climate.

Becky Mear

L&D Operations Manager – Lomond

I realised the cost savings and benefits for staff to have access to training 24/7. Many times, I started and stopped training for Propertymark, however with two weeks of graft, managed to get qualified and can enter Arla.

Adil Ayub

Director – Lets Rent Bristol

It is one of the best training platforms for estate agents that we have encountered. The courses are engaging, informative, and practical, covering all aspects of our industry from sales and lettings to marketing and compliance.
