- 1 Hour Professional Discussion

I've just completed my Junior Estate Agent course and had a fantastic experience. Adrian was supportive, approachable, and incredibly knowledgeable. His guidance made the learning process clear and enjoyable. I'd definitely recommend this course!

— Eryn Hodson, Learner

After using different training providers without success, we were recommended to TACS. After reaching out, TACS contacted me immediately and from then on, the relationship between our two companies has been fantastic. We have put more than 20 learners through the apprenticeship programme, many of whom have flourished in their property careers and have progressed through to management roles. They learners gain an in-depth knowledge of the industry and receive excellent support from TACS and the team throughout their training.

— Patrick Barton, Jacobs Steel
